ALEDRAK ALHNDASEE

Who we are

It is a local Libyan joint stock company established in 2017 specializing in the field of general contracting, finishing and insulation, and providing comprehensive services. Quality in these areas and we strive to achieve the highest levels of efficiency.

In the field of contracting, we execute construction projects of various types, whether residential, commercial, or industrial. We work on implementing projects with precision according to approved engineering specifications and standards.

In the field of finishing, we provide excellent and high-quality services within the specified timeframe for residential and commercial projects.

In the field of insulation and painting, we provide thermal and waterproofing services for all types of structures. We use high-quality insulation materials and modern techniques.

To ensure the protection of structures from leaks and enhance their aesthetic appearance, we also provide interior and exterior painting services.

ALEDRAK ALHNDASEE for General Contracting and Real Estate Investment is distinguished by a qualified and specialized team with extensive experience in these fields.
